Technical information about this website's accessibility

Beeston with Bittering Parish Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Compliance status

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard, due to the items listed below.

PDFs and other documents

Many of our older PDFs and Word documents do not meet accessibility standards – for example, they may not be structured so they're accessible to a screen reader. This does not meet WCAG 2.1 success criterion 4.1.2 (name, role value).

Some of our PDFs and Word documents are essential to providing our services. We will replace policy and procedure documents with accessible PDFs or HTML pages by 30 June 2021.

The accessibility regulations [do not require us to fix PDFs or other documents published before 23 September 2018](#) if they're not essential to providing our services. For example, we do not plan to fix documents and accounts published prior to this date. Any new PDFs or Word documents we publish will aim to meet accessibility standards.

We believe that it would be a disproportionate burden to change older documents to an accessible version. We will work to make all documents published after December 2020 accessible as well as all active administration documents as above.

Live video

We do not publish live video.
